

Pre-Conference Sessions

JANUARY 31, 2018

“Unless someone like you cares a whole awful lot, nothing is going to get better. It’s not.”

DR. SEUSS
THE LORAX

Cost

\$150 per each session.

AGGREGATE AND VISUALIZE YOUR DATA

Location

San Diego Marriott Gaslamp Quarter

Start Time: 9:00am

End Time: 4:00pm

Session Leads

Franck Reyherme and Christine Olah

Lunch will not be provided

Full Day

Maximum 40 participants

Audience

District leaders who are tasked with creating district wide reports designed to promote a culture of inquiry.

Description

Registration is limited to up to 4 participants per district.

Illuminate’s Business Intelligence (BI) Tool gives you the power to visualize your data and create advanced custom reports with complex logic and powerful calculations. Learning the BI Tool will open up almost limitless possibilities for reporting in Illuminate. Create custom per-built reports that end-users can generate and filter with the click of a button. The BI Tool is an advanced reporting tool that requires strong technical skills. Some of the more advanced functionality (i.e. custom input controls) require SQL, but the vast majority of reports created with the BI Tool are created without any SQL. By the end of the session, attendees will use the Illuminate BI Tool to create and share visually rich reports with district users directly in Illuminate using live data.

Prerequisites for the BI Tool

- Must have district-wide access to your Illuminate Site must have experience creating custom reports in Illuminate
(i.e. you know how to use grouping, filters, calculations, etc. in Illuminate custom reporting)
- Must be comfortable writing formulas in Excel *(or any other spreadsheet/database software)*
- Must be willing and able to dedicate time to learning the tool and building reports
- Must complete the small tasks that will be emailed to registrants the week before the session

ON TRACK PRELUDE

Location

San Diego Marriott Gaslamp Quarter

Start Time: 9:00am

End Time: 12:00pm

Session Leads

Dr. Chris Balow Sr and Katie Sellstrom

Lunch will not be provided

Morning Half-Day

Maximum 30 participants

Audience

We recommend that districts attend as a team that includes Site and District Leaders as well as at least one Data Lead (familiar with how to import attendance, behavior, and transcript/grade data).

Description

Our half-day pre-conference session for On Track will include a research summary of the most effective Early Warning System indicators, a collaborative activity around modeling your own On Track concept, and a hands-on preview of On Track resources within Illuminate (widgets, reports, and possibilities). The pre-conference session is intended as an introduction to On Track with the assumption that districts will want to take their learning further via other [iPD Offerings](#).

Prerequisites for Session

- The team attending will need at least one person with System Admin access or have access to the On-Track User account with specific permissions already shared to them (ask your Implementation Manager)

LEADING YOUR SITE: DATA COACHING TO DRIVE LEARNING OUTCOMES

Location

San Diego Marriott Gaslamp Quarter

Afternoon Half-Day

Maximum 30 participants

Session Leads

Katie Sellstrom, Natalie Howell,
Kate Pechacek

Start Time: 1:00pm

End Time: 4:00pm

Lunch will not be provided

Audience

Site and District leaders, PLC Leaders, Data and/or Content Coaches

Description

Get hands-on practice with analyzing assessment data from interims and formatives to drive learning outcomes. Engage in guided assessment report analysis with demo data (or your own) and participate in fishbowl data scenarios to practice coaching conversations.

Prerequisites for the BI Tool
